

Medius Procurement

Increase your invoice touchless processing rate with automatic PO Matching.

Medius Procurement is an extension of Medius AP Automation and makes it easy to manage your indirect spend.

What you'll get:

Generate cost savings and reduce spend

- Eliminate costly, unapproved purchases to ensure all organizational buying takes place within pre-existing agreements.
- Multiple ways for users to buy, including supplier punch-out catalogs and approved item and service templates helps guide users to select contracted and approved suppliers.
- Reduce labor by automating many of your buying processes, including workflow approvals and generating POs for automatic distribution.

Make life easier for finance

- Increase straight through processing rates with PO Match Invoices.
- Take control over indirect spend to avoid last minute invoices and chasing people for approvals.
- Seamless integration with Medius AP Automation allows you to avoid setting up new suppliers when an invoice comes in.

Intuitive and easy-to-use

- An easy-to-use interface, based on well-known online shopping, is designed to be rapidly adopted.
- Pre-built cloud connectors to major ERP and third-party systems link crucial business systems together.
- Built-in best practice workflows enable high automation rates immediately.

Why Medius Procurement?

Gain control of your entire organization's spend

Get all your employees using the same suppliers, the same contracts and the same processes, consolidating your entire approach to spend management. Empower your procurement team with the tools they need to work with the best suppliers for your organization.

You are at the center of everything we do

You - our customer - is at the center of everything we do at Medius. Our solutions are designed to solve your problems and our talented team is passionate about helping you get your spend simply managed.

Rapid ROI

With pre-packaged ERP connectors and an intuitive user interface, you can be up and running within weeks rather than months, leading to a quick return on investment.

Focus on Finance

Built for Finance, Medius Procurement integrates seamlessly with Medius AP Automation to drive automation and reduce your manual work.

Medius Procurement has helped with our cost control. We can see now where money is being spent, so **we can ensure that we aren't wasting money** on expensive suppliers and aren't duplicating effort.

About Medius

Medius links invoice capture, processing, and payment to replace the worry and wondering of managing AP with calm and confidence. Medius goes far beyond basic automation by using artificial intelligence to do the work - so invoices get coded, approved and paid; you get to go home and rest easy; and your business can trust your budgets and forecasts.
