7.4 Medius shall report to Customer, the accidental or unlawful alteration, unauthorized disclosure of, or access to Customer Data ("Breach") without undue delay and, where feasible, within 48 hours, after becoming aware that a Breach has occurred, unless restricted by law.

- 7.5 Medius will on a regular basis audit the security measures taken by Medius's and its subcontractors to protect Customer Data, when providing the Cloud Service. Upon Customer's written request, Medius will provide Customer with a confidential summary of the result of such audit, for instance in the form of a SOC report, to allow for Customer to verify Medius's compliance with Medius's security obligations set out in this Agreement. The report is Medius's confidential information and is protected by the confidentiality clause set forth in section 7.1 and 7.2 of this Agreement.
- 7.6 Customer agrees to exercise Customer's audit right by instructing Medius to execute the audit as described in section 7.5. If Customer reasonably concludes that the provision of Medius's audit report is not sufficient to demonstrate Medius's compliance with this Agreement, Medius shall make available to Customer on request all information available for Medius necessary to demonstrate compliance with this Agreement and shall allow for and contribute to audits, including inspections, by Customer or an auditor mandated by Customer in relation to the Customer Data by Medius. Customer shall give Medius reasonable notice of any audit or inspection to be conducted under this section and shall make (and ensure that each of Customer's mandated auditors makes) reasonable endeavors to avoid causing (or, if it cannot avoid, to minimize) any damage, injury or disruption to the audited premises, equipment, personnel and business while its personnel are on those premises in the course of such an audit or inspection. Medius does not have to give access to premises for the purposes of such an audit or inspection outside normal business hours at those premises, or for the purposes of more than one audit or inspection in any calendar year, except for any additional audits or inspections which Customer is required or requested to carry out by mandatory law or any authority, supervising the Customer's business.

Any Affiliate of Medius may perform any of Medius's obligations or exercise any of its rights under an Order Form, except that Medius shall be responsible for any acts or omissions of any of its Affiliates. Customer acknowledges that any right or remedy Customer may have under an Order Form rests solely with Medius.

- 9.1 Medius shall indemnify Customer against all claims, demands, liabilities, costs and expenses (including reasonable attorneys' fees), and direct damages finally awarded against Customer (or those costs and damages agreed to by Medius in a written monetary settlement) in connection with any claim by a third party that the Cloud Service, Documentation, or the Solution used by Customer directly infringes such third party's intellectual property rights, provided that:
- Customer promptly notifies Medius in writing, no later than thirty (30) days after Customer receives notice of the claim (or sooner if required by applicable law);
 - Customer will give Medius sole control of the defense and any settlement negotiations (at Medius's sole cost and expense and provided that Medius shall not settle any action without Customer's consent, unless such settlement provides for the unconditional release of Customer from all liabilities and obligations);
 - Customer will not prejudice the defense of the action or claim nor will Customer make any admission as to liability nor compromise or agree to any settlement of any such action or claim without the prior written consent of Medius; and
 - Customer will provide Medius with such assistance, documents, authority and information as Medius may reasonably require in relation to the action or claim and defense or settlement thereof.

Notwithstanding the foregoing, Medius shall have no liability to Customer for any claim that:

- arises out of any unauthorized use, reproduction, or distribution of the Cloud Service, Documentation or the Solution;
- arises out of any modification or alteration of the Cloud Service, Documentation or the Solution by anyone other than Medius;
- arises out of the use of the Cloud Service or Solution in combination with any other software or equipment not approved in writing by Medius;
- is based on any information, design, specification, instruction, software, service, data, hardware or material not furnished by Medius; or
- would have been avoided if Customer had followed Medius's reasonable written instructions.

Further, Medius shall have no liability to Customer if Customer continues to use the Cloud Service, Documentation or the Solution after the end of Customer's right to use such material.

If the Cloud Service, Documentation or the Solution becomes, or in Medius's opinion is likely to become, the subject of an infringement or misappropriation claim, Medius may, at its own expense and option, elect to either:

- procure the right for Customer to continue using the Cloud Service, Documentation or the Solution in accordance with the provisions of this Agreement;

- b) make such alterations, modifications or adjustments to the Cloud Service, Documentation or Solution so that it becomes non-infringing without incurring a material diminution in performance or function;
- c) replace the Cloud Service, Documentation or Solution with a non-infringing substantially similar substitute; or
- d) if neither (a), (b) nor (c) can be achieved after the exercise of commercially reasonable efforts, terminate the right of use and refund to Customer any unused, prepaid fees with respect to the affected part of the Cloud Service, Documentation or Solution.

If Medius modifies or replaces the Cloud Service, Documentation or Solution, Customer shall have the same rights in respect thereof as Customer has under this Agreement.

This Section 9 states Medius's entire liability, and Customer's sole remedies, for any infringement or alleged infringement of third-party intellectual property rights in relation to the Cloud Service, Documentation or Solution.

10 Limitation of Liability

- 10.1 Neither Party will in any event be liable under this Agreement or the termination thereof for any loss of profits, loss of revenues, loss of use, loss of anticipated savings or indirect or consequential damages of any kind. The foregoing shall in no event limit Customer's obligation to pay fees legally owed under this Agreement.

Notwithstanding anything to the contrary, Medius's limitations of liability under this Section 10.2 shall not apply to the indemnification obligations under Section 9 or for any other liability where the exclusion of liability is not permitted under applicable law. Medius shall have no liability to Customer in respect of any default or claim unless Customer has served written notice of the same within thirty (30) days after the date Customer became aware or should have become aware of the circumstances giving rise to the default or claim.

- 10.6 TO THE EXTENT NOT PROHIBITED BY LAW, THESE WARRANTIES ARE EXCLUSIVE AND THERE ARE NO OTHER EXPRESS OR IMPLIED WARRANTIES OR CONDITIONS INCLUDING FOR SOFTWARE, HARDWARE, SYSTEMS, NETWORKS OR ENVIRONMENTS OR FOR MERCHANTABILITY, SATISFACTORY QUALITY AND FITNESS FOR A PARTICULAR PURPOSE.

11 Force Majeure

As soon as such circumstances have ceased, the Party relieved of its obligations shall be obliged to resume its undertakings under this Agreement. A Party shall promptly notify the other Party in writing in order to be released under this provision. If the circumstances affecting a specific product or service continue for more than three (3) months, either Party may terminate only the affected product(s) or service(s) upon written notice to the other Party.
